

ORA ET LABORA

wine shop

Hi, we're your new friends Sarah and Dave! We opened Ora et Labora Wine Shop in 2022, following careers as a journalist-turned-consultant and a high school classroom educator. OEL exists because we love educating people about fermented juice, and providing a space where everyone feels welcome down to their bones. Wine is merely the medium.

We were in your shoes in 2017, hunting down venues for our nuptial rager, and we were taken aback by how thoroughly monetized absolutely everything in the wedding industry is...to an absurd degree. We've designed our wedding "packages" with the same ethos that drives our little business: transparency, honesty, warm-heartedness, and great value for wonderful quality. If you choose to host your wedding at OEL, you'll be working directly with us, and that's the beauty of working with a small business.

WHAT MAKES US AWESOME

full use of our furniture, plates, flatware, glassware, and A/V equipment

expert curation of wine and beer, focused on your taste and budget

bring in whatever catering you desire, without any "catering fees"

utmost menu flexibility, either for a no-host bar or a hosted bar

discounts on larger purchases for a hosted bar

Please contact owners Sarah or Dave for further questions, or to discuss details.

The Vinum Lounge

WEDDING PACKAGES

ESTD  2022

Located in an historic 110 year-old building at the heart of Portland's North Williams Avenue, Ora et Labora is a wine bar and bottle shop focused on small-production wines from Europe and the United States.

The Vinum Lounge is Ora et Labora's private event space: casually elegant, the lounge is ideal for weddings and wedding-adjacent gatherings, with its soaring ceilings, exposed brick, and lovely light. Couples who seek an intimate event featuring meticulously curated wines need not look any further.
